

These fabrics are the perfect choice for outdoor decorating, covering outdoor lounge cushions or deck chairs. They meet the rugged demands of casual outdoor living, hold up to sunlight, resist mould, mildew, soil and stains. They are easily cleaned with soap and water or can be tossed into the washing machine if need be. This fabric is also ideal for indoor use in sunrooms or just a "sunny" room, create roman blinds, chair pads, cushions, toss pillows, tote bags or heavy-duty travel accessories.
